(II) Notwithstanding the provisions of Subsubitem (I) of this Subitem, effective for the June thirtieth valuation following the fiscal year in which the system first attains a funded percentage of eighty-five or more and for every year thereafter, the amortization period for the changes, gains, or losses of the Louisiana State Employees' Retirement System provided in Items (i) through (iv) of this Subparagraph shall be as follows:

(II) Effective for the June thirtieth valuation for the fiscal year immediately following the year in which the system fully liquidates the last remaining amortization base established in R.S. 11:102.1 and for each valuation thereafter, if the system's investment experience for the fiscal year exceeds the system's actuarial assumed rate of return, the system shall apply to the oldest outstanding positive amortization base of the system, excluding any amortization base established to amortize a particularized liability established pursuant to Subsection C of this Section or a liability established pursuant to Subparagraphs (2)(a) and (3)(c) of this Subsection, the system's excess investment experience returns. For the first valuation to which this Subsubitem applies, the amount of excess returns to be applied pursuant to the provisions of this Subsubitem shall be the excess returns up to the amount of excess investment experience returns as equals double the last payment made pursuant to Subsubitem (I) of this Subitem. Upon complete liquidation of such amortization base, any remaining funds shall be applied to the next oldest outstanding positive amortization base until no further funds remain or all such bases are completely liquidated. Notwithstanding any provision of this Subitem to the contrary, the maximum amount of excess returns to be applied in any subsequent year pursuant to this Subsubitem shall equal the prior year's maximum amount increased by the percentage increase in the system's actuarial value of assets for the preceding year, if any. For any payment made pursuant to the provisions of this Subsubitem, if the system is eighty-five percent funded or greater prior to the application of the funds or if the system is less than eighty-five percent funded and the valuation year is equal to 2019 plus a multiple of five, the net remaining liability net of all payments made since the last reamortization shall be reamortized over the remaining amortization period with annual payments calculated as provided in this Item; if the system is less than eighty-five percent funded prior to application of the funds and the valuation year is not equal to 2019 plus a multiple of five, the net remaining liability shall not be reamortized after such application.

(cc) Effective for the June 30, 2019, first system valuation following June 30, 2015, in which an allocation is made to the system's experience account and for each valuation thereafter, actuarial gains allocated to the experience account shall be amortized as a loss with level payments over a ten-year period.
